Goldtouch Travel Go2 Bluetooth

ergonomic wireless split keyboard

BAKKER ELKHUIZEN

Work Smart - Feel Good

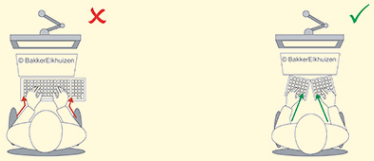

Continuously vertical and horizontal tenting

This wireless ergonomic keyboard ensures a correct, responsible position of hands and arms.

It's wireless design means it easily connects to your laptop or other digital device using bluetooth

90% of keyboard users seldom, if ever, use the numeric pad according to a number of recent studies. It therefore makes sense that this element is removed on compact keyboards. This allows the mouse to be placed closer to the keyboard, resulting in increased comfort. This is because it reduces the reaching distance to the mouse (Cook, C., et al., 1998) and puts less strain on the shoulder and forearm.

Correct position: easily adjustable to any desired angle.

Ergonomic: short reaching distance to mouse, almost noiseless typing, large space bar.

Mobile: compact size, completely foldable.

Wireless: Bluetooth technology makes it easy to connect to all mobile devices.

Rechargeable: battery lasts an average of around 32 days and takes about 5 hours to recharge.

Width	343 mm (13.5 inches)
Height	25 mm (0.98 inches)
Depth	143 mm (5.63 inches)
Weight	500 gr (17.64 ounces)
Product code	Multiple versions
