Overview

Description 25 Word

CORSAIR Hydro X Series XT Hardline Tubing completes the connections between your Hydro X Series custom cooling equipment, making your system stand out with satin black PMMA tubing.

Overview

Description 50 Word

CORSAIR Hydro X Series XT Hardline Tubing completes the connections between your Hydro X Series custom cooling equipment with satin black PMMA tubing, built to last under high pressure and high coolant temperatures, while still easy to cut with a standard fine-toothed hacksaw (not included). The unique look of satin tubing opens up new possibilities to play with coolant colors and lighting, making your custom cooling system stand out even further.

CORSAIR Hydro X Series XT Hardline Satin Black 12mm Tubing

Features										
Style 1										
• High-quality, straight-line PMMA tubing for perfect tubing runs.										
• Resilient construction that won’t warp or deform under high pressure or high coolant temperatures.										
• Easy to cut to an ideal length for your custom cooling system using a fine-toothed hacksaw (not included).										
• A beautiful satin black finish creates a unique matte look to make your custom cooling system stand out even further.										
Style 2										
• High Quality, Straight-Line PMMA Tubing: For perfect and precise tubing runs.										
• Resilient Construction for Custom Cooling: Won’t warp or deform under high pressure or high coolant temperatures.										
• Easy to Cut: Create unique and stunning tubing runs, cutting to length using just a fine-toothed hacksaw (not included).										
• Beautiful Satin Black Finish: Creates a unique matte look to make your custom cooling system stand out even further.
