

245501 Wireless Charger, Qi-Enabled, 10W, Ultra-Slim

Product Images

Short Description

- **Fast Charging:** Supports up to 10W wireless power delivery.
- **Standard:** Fully compatible with all high-speed Qi-enabled devices.
- **Protection:** Integrated FOD and LED indicator for safe operation.
- **Design:** Ultra-slim architecture for a minimalist workspace.

Description

The Equip 245501 is a high-speed wireless charging hub engineered to solve heat-induced throttling issues. It serves as a definitive 10W energy bridge for all Qi-enabled devices, providing a stable and secure interface for low-power accessories. Featuring

integrated Foreign Object Detection (FOD) and an LED indicator, it ensures a safe and unthrottled charging experience for your daily digital essentials.
