

SKILLER SGK50 S3 WOOD PBT

Eye-catching, compactly designed and fully customizable: The SKILLER SGK50 S3 Wood PBT is a highlight on any desk not only because of its compact form factor and stylish wooden housing, but also thanks to the hot-swap switches and high-quality PBT keycaps. In addition, complete personalization is possible using the web-based open-source software.

Features

■ IMPRESSIVE LOOKS

Apart from modern design elements, such as the RGB Illumination and the chic USB-C coiled cable, the SKILLER SGK50 S3 Wood PBT catches the eye with its wooden housing and provides a strikingly unique look that combines the classic and the modern.

■ PRE-INSTALLED YELLOW G PRO 3.0 SWITCHES AND PBT KEYCAPS.

Pre-installed under the high-quality and abrasion-resistant PBT keycaps are the yellow switches from the latest Gateron generation. With an operating force of 50 ± 15 g and an immersive, linear feedback, these provide the optimal typing feel for the SKILLER SGK50 S3 Wood PBT.

■ CUSTOMIZABLE TYPING EXPERIENCE

Or do you prefer the personal touch? That's no problem! Switches of your choice – with either 3 or 5 pins – can easily be installed and used on the SKILLER SGK50 S3 Wood PBT. Of course, the tools required for hot swapping are already included with the keyboard.

■ RICH KEYBOARD SOUND

To ensure that the keyboard sounds as good as it looks, we have installed a polycarbonate positioning plate and a silicone damping for a rich, deep sound.

■ COMPACT FORM FACTOR

The SKILLER SGK50 S3 Wood PBT with its 75 percent form factor and 85 keys is aimed specifically at gamers who prefer more space on their desk, but who don't want to compromise on functionality.

■ FULL CUSTOMIZATION THANKS TO OPEN SOURCE

Instead of having to install software, the SKILLER SGK50 S3 Wood PBT allows the RGB illumination and macros to be simply programmed on-the-fly. In addition, a complete range of customization is available through the compatibility with the open-source software VIA and QMK.

Specifications

Product Name	SKILLER SGK50 S3 Wood PBT
Type	Wired Keyboard
Switch Technology	Hot-Swap (Gateron G Pro 3.0 Yellow)
Number of Keys	84 ANSI / 85 ISO
Keycap Material	PBT
Keycap Legend	Dye Sub
