# PHILIPS

# Highlights

## 1 Kg Lighter

The ironing board is now 1 kg lighter compared to previous version for more convenient movement before your ironing session

## XL iron tray

The stable and extra-large iron tray is perfect for steam generators. It is also heat resistant and can be safely used with steam irons.

## AquaBlock anti-drip cover

AquaBlock is a unique technology that prevents condensed steam from dripping on the floor, making this board cover the ideal ironing surface for steam generator irons.

## Clothes hanger

No need to look for a place around you to hang your freshly ironed shirts. You can hang garments directly after ironing to the convenient hanging rail.

## XL Board and XL Tray

Iron more in one go with Philips XL board shape (120 x 45cm). It is also ideal for ironing big items such as bed lines and table cloths. The stable and extra-large iron tray is perfect for steam generators. It is also heat resistant and can be safely used with steam irons.

## Unique ShoulderWing System

With the unique ShoulderWing system, shirt ironing is easier than ever. This innovative system helps you iron shirts with little rearranging, saving you time and effort. The retractable ShoulderWing System can be opened and closed, depending on the type of garment to be ironed.

## Transport lock and feet caps

Transport lock prevents accidental collapsing of the board while ironing and also keeps the board closed during storage. The ironing board is supported by double leg construction with anti-slip feet caps that provides extra stability.

## Ironing with 60% less noise

Ironing experience is more convenient with the ironing board cover that gives more silent ironing with 60% less noise reduction in sound power versus multilayer board cover
