TOPS

Copilot+ PC

ASUS MyExpert²

OLED display*

70Wh battery*

Exceptional performance

- Up to AMD Ryzen™ AI 9 HX Processor*
- Up to 55 NPU TOPS¹
- ExpertCool thermal design for stable performance up to 45 W TDP¹
- ASUS MyExpert² & AI noise-cancelling
- Microsoft Copilot AI functions
- Up to 96GB DDR5 RAM³
- Dual-SSD support up to 6TB storage⁴

Productivity on the go

- Sleek and lightweight design starting from 1.27kg⁵
- 70Wh battery* for long-lasting productivity
- Comprehensive I/O ports featuring high-speed USB4 Type-C, USB-C 3.2 Gen 2, HDMI 2.1, and RJ45 LAN⁶
- Meets US military-grade (MIL-STD-810H)⁷ durability standards

Brilliant visuals and refined design

- Up to 16:10 WQXGA high refresh rate (144Hz) display*
- OLED* or touchscreen* options for vibrant visuals and easy interaction
- Lightning-fast WiFi 7* connectivity for smooth workflows

Business-grade security and manageability

- Robust protection with ASUS ExpertGuardian and NIST SP 800-155-compliant BIOS
- Windows 11 Secured-core PC
- Webcam privacy shield

Warranty and Support

Up to 3-year international warranty*
100% free of charge, with no hidden costs.

Next-day on-site-service*
Enjoy next business on-site service.

*WARRANTY POLICIES VARY BY COUNTRY

*Optional feature. May vary by model, specification, or region.
1. The figures are based on theoretical performance. Actual performance may vary in real-world situations.
2. ASUS MyExpert is exclusive to ASUS Expert series laptops, desktops, and AIO models from 2026 onward. Availability may vary by country and model. For ExpertBook P5 G2 models equipped with AMD Ryzen AI 9000 series processors, only ASUS AI ExpertMeet features are currently supported. Features are subject to change or update without prior notice. For more information on the Cloud Plus plan, system requirements, and download instructions, please visit <https://www.asus.com/business/discover/myexpert>.
3. Memory may vary according to configuration. It's upgradable up to 48+48 GB.
4. Up to 512GB+512GB or single 1TB preconfigured, up to 4TB+2TB self-upgrade. 2280 4TB & 2230 2TB SSD will only be tested, not for shipping configuration.
5. Product weight may vary according to device configuration.
6. Actual I/O port configuration may vary depending on the specific model.
7. The testing regime includes the requirements of both military-grade standards and ASUS quality tests and varies depending on device. MIL-STD-810H testing is conducted on selected ASUS products only. Note that the MIL-STD-810H testing helps to ensure the quality of ASUS products but does not indicate a particular fitness for military use. The test is performed under laboratory conditions. Any damage caused by attempts to replicate these test conditions would be considered accidental and would not be covered by the standard ASUS warranty. Additional coverage is available with ASUS Premium Care.
