

# InLine® OTG Card Reader Dual Flex for SD and micro SD with USB Port and 2 Card Slots

Artikel 66776

## InLine® OTG Card Reader Dual Flex for SD and micro SD with USB Port and 2 Card Slots

Artikel 66776

USB OTG is a specification that allows USB devices such as a tablet or smartphone to act as a host, allowing other USB devices such as USB flash drives, mice or a keyboard to be attached to them. These functions offers this card reader through one USB port. Furthermore, 2 memory card drives for SD and microSD memory cards are available

- Pocket size with tuck-away cable
- Supports OTG function
- One USB Port, Type USB A female
- Supported memory cards: SD, microSD, SDHC, microSDHC, MMC, SDXC, micro SDXC, up to 2 TB (Depending on device)
- For Android Smartphones or Tablets with micro USB OTG port and Android 4.0 or above
- USB OTG only supports FAT32 (NTFS is not supported)
- Supports USB flash drives, USB HDD, USB mice / keyboards with their wireless USB transmitters and other USB devices

### InLine® – Brand of Choice for IT and Electronics Accessories

In our InLine® brand, we offer a high-quality product range targeted specifically at end users. Our product range includes more than 4,000 IT and electronics accessory products which are described in detail on our website. With this brand we provide certified quality and an attractive product range of cutting edge items that is always up-to-date and offers huge variety. Browse through our broad choice of products, and you'll be certain to find exactly what you need, all available in stock. Don't forget to look closer at our woodline product range by InLine® made from genuine walnut wood; these products do not merely look good, but are also great to touch and handle. Our brand's products are recognizable by their uniform green-white packaging and can be purchased in good online shops and selected specialized brick-and-mortar shops – check our website to find suitable purchase sources. With our InLine® brand you may rely upon excellent service including detailed product information, up-to-date drivers, and competent consultation straight from the manufacturer via Live Support.
