Argus L-12025W White – stylish fan with RGB effects

The smooth-running 120mm RGB LED fan from Argus offers a stylish effect with its 24 RGB LEDs. Rubberized pads in the fan corners, on both sides of the fan, provide vibration-free operation, leaving open the option of whether the fan should suck in cool air or blow the warm air out of the case.

The connection is temperature-controlled via the 4pin PWM connector on the motherboard and is additionally connected to the 3pin 5V RGB header of the motherboard, which is responsible for the synchronous colour change of all connected components.

- ✓ 24 RGB LEDs
- ✓ Vibration-free operation thanks to rubberized pads
- ✓ Connection via 4pin PWM
- ✓ Colour control via 3pin 5V RGB header on the motherboard

Specifications

Fan dimensions (H/W/D)	25/120/120mm
Fan speed	1200rpm
Rated voltage	12V
Air flow	59.47cbm/h
Noise level	max. 30dBA
Connector	4pin PWM 3pin RGB header connector for 5V digital
Bearing type	Fluid bearing
Package dimensions (H/W/D)	25/160/220mm
Weight (net.)	160g
Weight (gross)	190g
Packing units (VE/VPE/PAL)	1/100/1600
Warranty	24 months
Article number	88885577
EAN-Code	4260455647632
Scope of delivery	Fan screws Manual (german, english)
Features	Fan with 24 RGB LEDs Y-connector for 3pin 5V RGB motherboard control Rubberized fan corners for vibration-free operation Sleaved connection cables
