

## AS Series

# Air Slimmer 120 ARGB

## Enhanced performance 120mm slim fan with full-range PWM and ARGB lighting effect

- 15.6mm thick slim fan with ARGB lighting, creates beautiful lighting effect for space-limited builds
- Unique 9 translucent scimitar fan blade design with high air pressure enabling quick heat dissipation through radiators or heatsinks
- Engineered to also be an effective exhaust fan for transporting large volume of heat out of most systems
- All-copper Fluid Dynamic Bearing (FDB) offering superior performance with long lifespan

### Specifications

<b>Model No.</b>	SST-AS120-ARGB
<b>Material</b>	Plastic
<b>Color</b>	Translucent fan blades, black frame
<b>Bearing</b>	All copper FDB
<b>Connectors</b>	4 pin PWM connector + 4-1 pin ARGB (5V LED)
<b>Rated Voltage</b>	12V
<b>Start Voltage</b>	6V
<b>Rated Current</b>	0.32A ± 0.04
<b>Rated Power</b>	3.84W
<b>Speed</b>	0 ~ 1800 RPM
<b>Airflow</b>	0 ~ 63.67 CFM
<b>Static Pressure</b>	0 ~ 2.4 mmH <sub>2</sub> O
<b>Noise Level</b>	0 ~ 31.7 dBA
<b>Dimension</b>	120mm (W) x 15.6mm (H) x 120mm (D) 4.72" (W) x 0.61" (H) x 4.72" (D)

### Slimmer in size but statistically significant and aesthetically appealing

Air Slimmer 120 ARGB is a 15.6mm thick slim fan engineered to achieve maximum performance in space-limited systems, combined with ARGB lighting effect for a final desirable touch

**SILVERSTONE**

**Straightforward connection / effortless cable management**

Instead of connecting multiple fans to one fan hub, Air Slimmer 120 ARGB is designed with perfectly measured daisy chain cables, allowing for ARGB synchronization from one fan hub port to multiple fans, hence eliminating long cable management routings

**Scimitar fan blade design**

Air Slimmer 120 ARGB features 9 scimitar fan blade designed for increased of air pressure and high airflow rate, enabling quick heat dissipation through radiators or heatsinks

**Unique design meets precision engineering**

With high efficiency fan blades, complemented by a specially designed grille with beveled intake edge, Air Slimmer 120 ARGB provides rapid exhaust efficiency where it's designed to perform best in
