SABERAY White

- **Limited White Edition in Elegant and Gorgeous Style**
- **Support Addressable RGB Lighting Synchronization**
- **3x ENERMAX Unique Square Fans Pre-installed**
- **Acrylic and Meshed Front Panels Included**

SABERAY White is a special edition from ENERMAX's flagship gaming case series, SABERAY. The clean, premium lineup features addressable LED strips and 3x Enermax unique square RGB fans that can create stunning rainbow lighting effects.
In addition to the vivid RGB lighting, SABERAY White has ample space for top-end components and custom cooling configurations, designed with room for 9x fan mounting locations or 4x designated places for liquid cooler. With advanced features and aesthetic designs, SABERAY White is undoubtedly the perfect RGB gaming castle for enthusiasts to build their own masterpieces.

Features

Limited white edition
SABERAY White is a limited edition design for lovers of white cases. In addition to the color, the White Edition offers some additional features.

Addressable RGB lighting
SABERAY White is equipped with addressable LED strips and Enermax unique square fans that can create colorful rainbow lighting effects.

Integrated RGB controller

SABERAY White features its own RGB controller that offers 6 lighting modes: Rainbow, Auto RGB, Fixed Colors, Sway, Flow, and Snake. Users can easily select modes from the I/O panel.

Rainbow

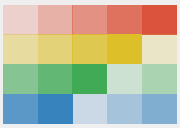

Auto RGB

Fixed Color

Sway

Flow

Snake

Addressable RGB lighting synchronization

SABERAY White supports synchronizable RGB lighting via the addressable RGB headers of motherboards (RGB headers with 4-Pin assignment: +5V/D/-/G). Users can program preferred lighting effects via the motherboard RGB software

Integrated control hub

For those who do not use the RGB-sync motherboards, the integrated control hub allows users to keep 5x RGB devices' lighting in sync; furthermore, the hub can also control the speed of the 6x fans together.

Unique quick-release design

The tool-less panels facilitate the system installation and maintenance.

Designed with both aesthetics and ventilation in mind; two premium tool-less front panels are included

Two premium tool-less front panels included.

- Glossy, full-view acrylic panel displays vivid lighting effects
- Meshed panel provides better ventilation.

Acrylic panel (Default)

Meshed panel

4mm panoramic tempered glass window

The 4mm panoramic tempered glass window allows you to show off your rigs.

Anti-dust rubber plugs

Solid structure with ample space

Constructed of 0.8 mm sturdy steel, SABERAY White offers spacious interior design for large, high-end components.

Extensive cooling potential

Flexible cooling system configuration supports 4x designated locations for liquid cooler installation.

Liquid Cooler Compatibility Chart					
Radiator size (mm)	360	280	240	140	120
Front	•		•		•
Top	•	•	•	•	•
Rear				•	•
Side			•		•

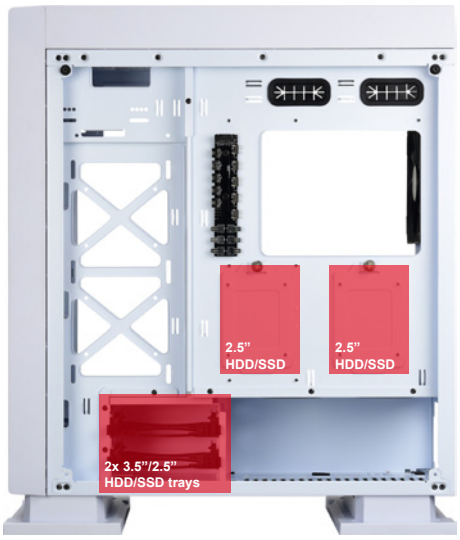

Advanced ventilation system to support a maximum of up to 9x fans

Flexible system configuration

Supports up to 1x 5.25” ODD, 2x 3.5” HDD, and 6x 2.5 SSD/HDD (2x Converted from 3.5” tray) to satisfy your storage needs.

Support long VGA cards and tall CPU cooler

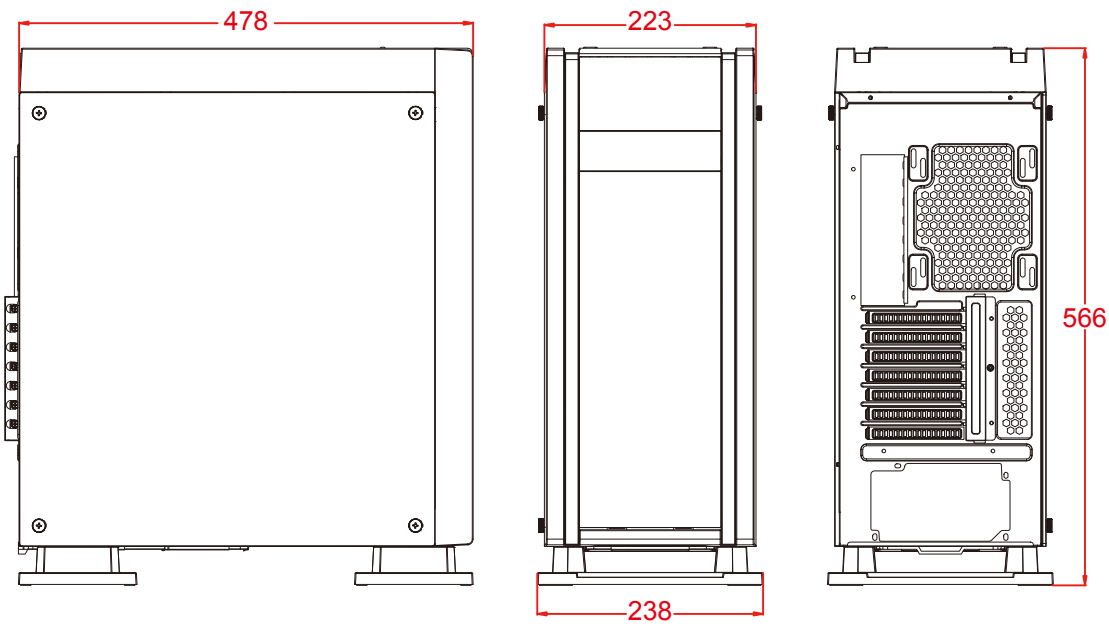

PSU-Tunnel design (aka PSU shroud)

The design minimizes the cable clutter, which makes the system clean and neat, and helps improve the air circulation.
