AIR PURIFIER
CAF-Z45FR (K)

CLEAN AND HEALTHY AIR AT YOUR HOME!

This Air Purifier with 3 fan speed settings is best used for whole-room airflow up to 25m². With its CADR 210 m³/h and long distance air circulation technology, the air purifier can establish a great airflow at high efficiency even at low speed setting.

The HEPA H13 filter captures 99. 7% of dust and airborne allergens as small as 0. 3 microns such as household dust, model, pet dander, and pollen. The Charcoal filters removes the odors from pets, smoking and cooking due to bad air circulations in the winter.

The built-in UV LED can effectively reduce the bacteria, viruses and mold spores. It brings Zero Light Pollution and offers a comfortable sleeping environment
