Argus RS01 RGB – Color your world!

The smooth running 120mm RGB-fan from Argus with radio remote control enables you to switch between 360 different settings. Thanks to 21 Multicore, which are placed in a ring around the transparent fan blades you can experience extraordinary light effects. In addition you have 5 levels to vary the brightness of the LEDs to find your personal favorite effect.

The mounting holes are equipped with rubber parts to prevent vibrations getting over the case and ensure a smooth running operation with up to 1200 U/min.

With the included remote control, a variety of Argus RS01 RGB fans can be managed synchronously.

- ✓ Radio remote control (approx. 10m range)
- ✓ Smooth operating fluid-bearing
- ✓ 21 powerful LEDs
- ✓ 11 airflow optimized fan blades
