FACTSHEET : NIZZA - Ceramic heating

Portable - heating - cooling

The compact fan heater in a stylish shape. High performance heating and stylish design. Economical and energy-efficient thanks to patented ceramic technology. Ideal for occasional use and during transition phases. The advantages of ceramic heating elements include **high resilience and long life**. They start heating immediately because – unlike conventional fan heaters – they don't take any time to warm up. They boast excellent **heating efficiency** and can be subjected to **very high temperatures**.

Unmatched heating performance with **low energy consumption**. Heat your home in an eco-friendly way! With NIZZA you'll **save up to 20% on electricity**! Safe and hassle-free operation, **78% more power** than conventional radiator systems.

Technical informations

- Power: 950 Watt
- Color: black
- Certified: CE
- Guarantee: 2 years

Specifications

- Quick heat
- 2 heat levels
- 1 level of ventilation
- Horizontal oscillation
- Size of the room till 50 m³
- Overheating protection
- Tilt safety device
- Noise emission: 40 dB
- Ceramic heating element
- Trendy and young design
- Color indicator of the mode

Packaging informations
