

# ThinkBook 14 G6 IRL

Powered by up to 13th Gen Intel U, P, or H Series Core i7 Processor, this laptop lets business professionals run resource-intensive applications and handle complex data efficiently. Optimized for ultra-fast connectivity, the laptop comes with an optional Wi-Fi 6E that enables mobile professionals to access cloud applications or have seamless video conferencing on the move. Additionally, a touch-style fingerprint reader eliminates the need to remember complex passwords and allows login with touch.

Powered for productivity, this laptop comes with up to 32GB DDR5 memory and up to 1TB SSD storage, allowing data specialists to back up or easily access memory-intensive spreadsheets and number graphs.

Business specialists will benefit from the Dolby Audio dual stereo speakers and noise-canceling dual-array microphones that capture the audio more accurately and enhances communication quality during conference calls with clients.

A greener PC with optional EPEAT Gold and optional ENERGY STAR 8.0 certifications means a more energy-efficient device that reduces power consumption.

## Lenovo devices that are a class apart

ThinkBook combines the style and user experience of consumer devices with the security and business-class support of ThinkPad.
