

POR-0103 PoE+ Repeater, 2 Ports, LevelOne

Product Images

Short Description

1. IEEE 802.3af/at PoE compliant to simplify deployment and installation
2. Auto-detection and protection of non-standard PoE devices
3. Built-in 2 PoE ports for PoE devices
4. No additional power supply required
5. Simple Plug and Play installation

Description

For system integrators looking for a professional solution to help extend their PoE network, POR-0103 is the perfect accessory to increase your Power over Ethernet network performance. LevelOne POR-0103, a 2-Port

PoE Repeater requiring neither configuration nor electrical power, is an innovative transmitter to pass on both data and power extend to another 100 meters. It delivers both data and power to two PoE network devices such as WLAN Access Points, Network Cameras and other appliances with fast speed to the network for greater deployment flexibility.

Additional Information

Max. operating humidity (%)	95
Max. operating temperature (°C)	50
Min. operating humidity (%)	5
Indicators	Power, PoE In, PoE Out
Mount	Wall mount
Standards	IEEE 802.3 10Base-T, Ethernet IEEE 802.3u 100Base-TX, Fast Ethernet IEEE 802.3x Ethernet Flow Control IEEE 802.3af Power over Ethernet (PoE) IEEE 802.3at Power over Ethernet Plus (PoE+) IEEE 802.3 10Base-T, Ethernet IEEE 802.3u 100Base-TX, Fast Ethernet IEEE 802.3x Ethernet Flow Control IEEE 802.3af Power over Ethernet (PoE) IEEE 802.3at Power over Ethernet Plus (PoE+)
Product weight (kg)	0,2
Product breadth (mm)	57
Product depth (mm)	21
Product height (mm)	91
Color	Grey
EAN	4015867191286
Model number	POR-0103
Package contents	POR-0103 Quick Installation Guide
Fast Ethernet RJ45	3
