Product Images

Short Description

- **High-speed performance:** Supports data transfer rates up to 10Gbps.
- **USB-A to USB-C design:** USB-A male to USB-C female for wider compatibility.
- **Durable aluminum finish:** Helps with heat dissipation and long-term reliability.
- **Plug-and-play setup:** Works instantly with no extra steps.

Description

The Conceptronic DONN10G USB-A to USB-C OTG Adapter 2-Pack lets you connect USB-C devices and accessories to traditional USB-A ports. Supporting transfer speeds up to 10Gbps, it enables fast data syncing and everyday charging through your existing USB-A cables. The compact aluminum housing adds durability and helps with heat dissipation during use.

Ideal for laptops, desktops, car chargers or power banks that only offer USB-A ports, this adapter expands compatibility without needing to replace your cables. Plug it in and start using your USB-C devices instantly.

*Does not support video output.
