

Delock Front Panel 2 x USB 3.0 + PCI Express Card 2 x USB 3.0

Description

This USB 3.0 front panel by Delock can be installed into a free 3.5" bay of your computer and will be connected internally by using the included PCI Express card. It expands your system by two USB 3.0 ports on the front side and two USB 3.0 ports on the back side. Thus you can connect different USB devices like e.g. docking station, card reader, external enclosure.
