i-tec USB 3.0 Dual Card Reader SD & micro SD card

i-tec USB 3.0 Dual Card Reader SD & micro SD card, external card reader SD, SDHC, SDXC, Micro SD, Micro SDH, Micro SDXC

PRODUCT DESCRIPTION

The METAL Series is the newest of i-tec product series with a stylish metallic design and exclusive packaging.

i-tec USB 3.0 Dual Card Reader is a very fast and compact external memory card reader. It supports formats SD, SDHC, SDXC, Micro SD, Micro SDHC and Micro SDXC. The USB 3.0 interface ensures transfer of data from memory cards to notebook / PC with a speed of up to 5 Gbps, which is up to 10 times more than the previous USB 2.0. Without the need for installation and with a very simple control. You just simply connect the reader to the free USB port of your notebook / PC. The LED diode indicates correct inserting of the cards and the data transfer. The reader is powered directly from the USB port and does not require any external power adapter.

i-tec USB 3.0 Dual Card Reader is an ideal helper for users of digital cameras, HD video cameras or for users using memory cards as a medium for a frequent transmission of data.

In case of any problems with the installation, technical difficulties or incorrect function of the equipment, check for a possible solution in the FAQ tab.
