Version	Art.No.	EAN Code
 black shiny	020-1673	4009729043080
 blue shiny	020-1676	4009729043110

Maximum number of sheets of 80 g/m² paper. The maximum capacity in this case is 50 sheets.

Tool with metal functional parts

Temporary stapling makes it easy to keep papers together for short periods. The advantage: staples can be removed quickly and easily.

Quantity and type of staple that can be used. In this case, 150 pieces 24/6 staples.

Maximum paper insertion depth, in this case 65 mm.

The spring loading mechanism - by pressing a button at the rear of the stapler, the staple magazine is released for front loading.

With staple legs resting flat against the paper, flat-clinch stapling cuts filing space by as much as 30 %. The minimum amount of space taken up by staple ends optimises binder capacity.

Innovative Power on Demand system saves over 70% of the effort with the pop-up lever.

Novus offers a warranty of 25 years when handled in a proper manner.

The quality statement „German Engineering“ ensures that a product was developed according to German quality standards by our engineering experts. All Novus products carrying the „German Engineering by Novus“ signet are manufactured in our own plants around the world by our own workforce, managed and supervised by our headquarters in Germany.

This machine bears the GS approval of product safety.

Flat-Clinch stapler NOVUS B 8FC Power on Demand

Stapling with Power on Demand: Lever raised for super-easy stapling - saves over 70% of the effort.

Stapling with lever folded down without using Power on Demand - like a conventional flat-clinch stapler.

With stapling legs resting flat against the paper, flat-clinch stapling cuts filling space by as much as 30 %.

Bypass system: It allows you to staple 2-50 sheets of standard paper with just one staple model (24/8 SUPER).
