Fire up the data turbo

Benefit from maximum performance via USB 3.2 Gen 2x2 with impressive data transfer rates of up to 20 Gbit/s, which corresponds to approx. 2.5 GB/s. Thanks to the modern USB Type-C® connection, annoying charging and waiting times are a thing of the past.

Speed up the workflow

With high data transfer rates and a peak performance M.2 NVMe SSD in sizes 22x 30/42/60 or 80 mm, you accelerate your workflow immediately. Enjoy unrestricted speed for data backup, important programms, and copying media or data.

Plug & Play

The aluminium housing features Plug & Play. Install your storage and get started immediately. There is no need to install drivers or additional software. The integrated status LED keeps you informed about operation and access to the data carrier.
