Wireless Headphones | Radio Frequency (RF) | In-Ear | Charging Base | Black

General information

Listen to music or watch TV in complete comfort without disturbing anyone else in the room with these wireless in-ear headphones.
These headphones allow you a range of 35 metres to roam in - and their comfortable fit means you'll hardly notice you’re wearing them.
The crystal-clear sound quality is offered for four hours at a time from the in-built rechargeable battery. A charging base is provided that will top up the headphones in about an hour and a half.
Simple to set up, you never need trip over those dangling headphone wires again.

Features

• Crystal-clear sound
• A wireless range of up to 35 metres
• Built-in 200 mAh battery to use the RF headphones for up to four hours
• Control the audio balance on your right and left ear individually and listening to the sound adjusted to your taste
