

Internet Radio | Table Design | Bluetooth® / Wi-Fi | DAB+ / FM / Internet | 2.4 " | Colour Screen | 7 W | Remote

General information

Enhance your audio experience big time with this multifunctional Nedis® internet radio.

This stylish radio incorporates FM, DAB+ and internet radio, so you can choose your favourite stations from over 30,000 worldwide.

You can also pair it with your smartphone or tablet via Bluetooth® and stream music and podcasts. Create your own lists of favourite radio station or assemble play lists of your tunes via the AirMusic app.

A vibrant, full-colour display shows radio station info, artist and other song data, and the included remote control make it easy to navigate your way through menus and search for stations.

While you're enjoying your music out loud, you can check the weather in 5000 cities.

Now that's one smart radio!
