kanto YU6

Undeniably loud.

Satisfy your craving for powerful, full-impact sound with YU6. Armed with a formidable Class D amplifier pumping out 200W peak power, YU6 will have you questioning what it really means to be loud. Its 5.25" Kevlar® drivers and 1" silk dome tweeters inject detailed sound into every square inch of living space, evoking emotions that can only be expressed with an ear-to-ear grin. A built-in phono preamp makes it easy to spin your favorite tunes, while Bluetooth® connectivity lets you keep the party going from the palm of your hand.

REMARKABLE SOUND

Handcrafted cabinets, 1" silk dome tweeters and 5.25" Kevlar drivers come together to produce powerful, detailed sound, ensuring you get the most out of your favorite tracks.

BLUETOOTH® APTX™

Built-in Bluetooth® with Qualcomm® aptX™ technology lets you enjoy high-quality streaming from the palm of your hand.

PHONO PREAMP

Equipped with an integrated phono preamp, YU6 can be easily connected to any vintage or modern day turntable.

SIGNAL DETECTION

YU6 features automatic standby and power-up modes, helping to conserve power when you're gone and ensuring you never miss a beat when the music starts playing.
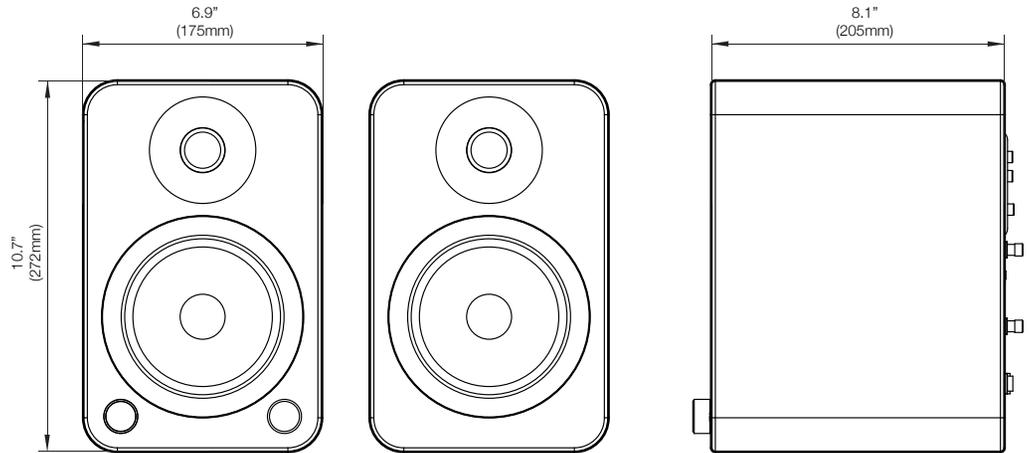

REMOTE CONTROL

With volume, input, tone and balance controls, as well as playback options when using Bluetooth®, the YU6 remote gives you full control over your audio.

SIMPLE INTERFACE

YU6's user-friendly interface features a single knob. Simply rotate for volume, push in to cycle through the five inputs, or push and hold to activate and deactivate standby mode.
