

SKILLER SGK50 S4 GEN2 WOOD PBT

With abrasion-resistant keycaps made of high-quality PBT and a stylish wooden housing, the SKILLER SGK50 S4 Gen2 Wood PBT is more than just an eye-catcher. And thanks to hot-swap switches and keycaps, high-quality damping, and a full range of customization, there is everything you would expect from a modern gaming keyboard.

Features

- MODERN AND STYLISH**
 For a unique and attention-seeking look, the SKILLER SGK50 S4 Gen2 Wood PBT combines a stylish real-wood housing with modern design elements, such as RGB illumination and a chic USB-C coiled cable.
- PRE-INSTALLED YELLOW G PRO 3.0 SWITCHES AND PBT KEYCAPS**
 Pre-installed under the high-quality and abrasion-resistant PBT keycaps are the yellow switches from the latest Gateron generation. With an operating force of 50 ± 15 g and an immersive, linear feedback, these provide the optimal typing feel for the SKILLER SGK50 S4 Gen2 Wood PBT.
- CUSTOMIZABLE TYPING EXPERIENCE**
 Or do you prefer the personal touch? That's no problem! Switches of your choice – with either 3 or 5 pins – can easily be installed and used on the SKILLER SGK50 S4 Gen2 Wood PBT. Of course, the tools required for hot swapping are already included with the keyboard.
- RICH KEYBOARD SOUND**
 To ensure that the keyboard sounds as good as it looks, we have installed a polycarbonate positioning plate and a silicone damping for a rich, deep sound.
- FULL CUSTOMIZATION THANKS TO OPEN SOURCE**
 Instead of having to install software, the SKILLER SGK50 S4 Gen2 Wood PBT allows the RGB illumination and macros to be simply programmed on-the-fly. In addition, a complete range of customization is available through the compatibility with the open-source software VIA and QMK.
- COMPACT FORM FACTOR**
 The SKILLER SGK50 S4 Gen2 Wood PBT features a compact form factor that is 60 percent of a full 3-block keyboard. Nevertheless, thanks to the double assignment of keys for important commands, a layout with full functionality can be relied on.

Compatibility

PCs/Notebooks, PlayStation 4*, PlayStation 5*

* With deactivated NKRO: Use the open-source VIA software to assign any keyboard key with the command "Toggle NKRO", and press this key to deactivate.

Specifications

Product Name	SKILLER SGK50 S4 Gen2 Wood PBT
Type	Wired Keyboard
Switch Technology	Hot-Swap (Gateron G Pro 3.0 Yellow)
Number of Keys	61 ANSI / 62 ISO
Keycap Material	PBT
Keycap Legend	Dye Sub
Illumination	RGB
Adjustable Illumination	✓
Lighting Effects	✓
Max. Polling Rate	1,000 Hz
Form Factor	60 % Layout
Onboard Memory for Game Profiles	✓
Capacity of Onboard Memory	256 kB
Detachable Cable	✓
Weight incl. Cable	802 g
Weight without Cable	737 g
Dimensions (L x W x H)	305 x 118 x 40 mm
