V1300 PLATINUM 30TH ANNIVERSARY

MPZ-D001-AFBAPV

POWER UP AGAIN - 30TH ANNIVERSARY

FEATURES

80 PLUS Platinum Certified : This certification guarantees a typical efficiency of 92% under normal operating conditions.

Quiet 135mm Fan : The 135mm silent fan creates less friction, making it great for low RPM operations while delivering quiet cooling performance.

Performance Driven Topology : The full-bridge LLC resonant converter and DC-DC technology offer reliable and stable voltage outputs for safer, more reliable performance and higher efficiency.

Single/Multi-Rail Switch : Built in rail switch allows users to change between multi and single rail power output settings.

16 AWG PCI-e Cables : The thicker 16 AWG PCI-e cables allow for higher currents, thereby improving both efficiency and safety.

10 Year Warranty : This unit comes with a standard limited manufacturing warranty of 10 years from the date of purchase.

The 30th Anniversary Edition of the V1300 Platinum used to provide high-end performance for all types of PC users. Now it returning as a 30th Anniversary Edition. This vanguard of power supply innovation and development offers an 80 PLUS Platinum efficiency certification, full-modular cabling, 100% Japanese capacitors, a high operating temperature of 50°C, and a hardware based single/multi rail switch. Add on the 10 year warranty and the 30th anniversary celebration stylized into the PSU, you will have a PSU that won't disappoint even the most seasoned system integrators and PC builders. For highly efficient, quiet operation, you simply can't go wrong with the V Platinum.

FEATURES

This certification guarantees a minimum typical efficiency of 92% under normal operating conditions.

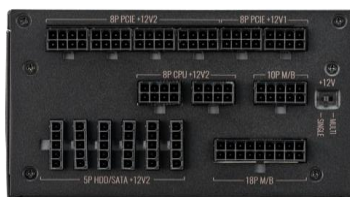

The hardware based rail switch allows you to alter the PSU from single to multiple rails in order to tailor the unit's performance to your needs.

The thicker 16 AWG PCI-e cables allow for higher currents, because they have a higher heat tolerance, thereby improving efficiency and safety.

The chameleon side plaque is even more charming match other Cooler master 30th anniversary series products.

Full modular cables reduce clutter, increase airflow, and improve overall efficiency and thermal performance.

This unit comes with a standard limited manufacturing warranty of 10 years from the date of purchase.
