

M-908 Infinity-Mirror – pure extravagance

The RGB illuminated infinity mirror in the front of the case with several effects, RGB LED-strip on the PSU tunnel and three serial 120mm RGB fans make the M-908 a real eye catcher. The front panel made of tempered glass and the side panel with window allow a nice view on the switchable colors and effects, that can be switched manually via a button or over the integrated 4pin 12V RGB header connector. In addition you have the opportunity to mount further fans, liquid coolers and several drives in the spacious interior of the M-908.

In the top of the case you can find a removable dust filter and the controls. Besides the two USB 2.0 and two 3.0 connectors you can see the HD-Audio jacks and two separate switches for fan control. All openings in the top of the case are covered by small rubber plugs to prevent from dust. A further dust filter is placed at the bottom of the case underneath the PSU tunnel - which ensures a vibration free PSU mounting. Removable mounting trays for drives on the rear of the case, brackets for long graphics cards and several cable management options complete the offer.

- ✓ Front panel made of tempered glass with RGB Infinity-Mirror
- ✓ Three 120mm RGB fans and RGB LED-strip
- ✓ 4pin RGB header connector for 12V RGB motherboard control
- ✓ Lots of decoupling for vibration free operation

Specifications

Motherboard	eATX, ATX, µATX, ITX
Max. Drive Bays	5.25" external: 0 3.5" external: 0 3.5" internal: 3* 2.5" internal: 6*
Front Connectors	USB 3.0: 2 USB 2.0: 2 Microphone: 1 Speaker: 1
Cooling System	Front: 2x 120mm (optional) Rear: 1x 120mm (serial, RGB, 3pin-connector) Top: 2x 120mm o. 140mm (2x 120mm serial, RGB, 3pin-connector)
Max CPU-Cooler height	160mm
Max Graphic card length	420mm
Packing Units	Shipping unit: 1 pcs Packing unit: 12 pcs
Warranty	24 Months
Article Number	88881288
EAN-Code	4260455642460
Scope of Delivery	Screw set Graphics cards bracket Manual (German, English)

Features	Front panel with Infinity-Mirror-Effect made of tempered glass Integrated RGB LED-Strip on the PSU tunnel 3x 120mm serial RGB fans in the top and rear RGB-/PWM-board for up to 5 RGB-devices (7 colors, 2 effects) (in combination with mainboard with PWM function up to 5 fans with 3pin-connector) 4pin RGB header connector for 12V RGB motherboard control Two separate controllers for once 2 fans and once 1 fan with 3pin connection for speed control Two 3.5" mounting options underneath the mainboard tray with separated airflow Separated SSD-mounting options on the rear of the mainboard tray Option to mount liquid coolers in 120mm and 240mm Decoupled PSU mounting in separated tunnel at the bottom Cable management Easy removable dust filters in the cap and the bottom Side panel with window Stands
