Food slicer markant⁰¹ – foldable

This foldable food slicer made of easy-care plastic does offer simple and safe operation and reliable functions.

When opened, it stands skid-proof on the countertop. The patented, divisible carriage makes sure that the food slicer is always complete, even when folded.

The slice thickness may be adjusted steplessly up to approx. 14 mm.

The appliance does also have a switch for intermittent and continuous operation as well as cable storage.

Food slicer markant⁰¹ is driven by a 65 W eco motor, at 20% reduced power consumption but 50% increased engine efficiency compared to the previous model.

When folded, the width of this food slicer is only 10,5 cm.

A smooth ham- and sausage blade is available for every ritter food slicer.

About ritterwerk:

ritterwerk was founded in 1905 by Franz Ritter. Since then the medium-sized company develops and produces household appliances which facilitate the everyday work in the kitchen.

The medium-sized company, headed by Michael Schüller, develops, designs and produces exclusively in Gröbenzell near Munich.

The company's philosophy 'made in Germany' not only stands for its production site in Germany. It also incorporates high quality standards, sustainability, appropriate materials as well as functional design, thus clearly following the 'Bauhaus' principles of the twenties.
