SurfBook W1

Notebook with Windows® 10, Intel® Atom™ processor, a matt 14.1" Full-HD IPS display and 32 GB internal storage

An exciting combination

SurfBook W1 allows you to experience an innovative combination of stylish design, extremely compact form factor and convenient functionality. A powerful Intel® processor, an extensive range of interfaces and the most up-to-date networking options round out this remarkable device.

Full power ahead!

SurfBook W1 is driven by a fast and dynamic Intel® Atom™ x5-Z8300 quad-core processor with a clock speed of 1.84 GHz, integrated Intel HD Graphics and 2 GB of RAM. These features ensure that all of your applications, important programs as well as multimedia and entertainment applications run smoothly and efficiently.

A real eye-catcher

SurfBook W1 has a unique design with an elegant amethyst-anthracite colour and high-quality surface. SurfBook W1 is one of the lightest and most graceful 14-inch notebooks – with a thickness of only 19.5 mm and a weight of just 1.5 kg – and adds a touch of style and elegance to everything you do.

Magnificent display

Whether you are gaming, editing an image or using an Office application, the matt, glare-free 14.1" (35.8 cm) Full HD IPS display with an LED backlight presents the smallest details in crisp, sharp images with high-contrast and natural colours, allowing you to fully experience all contents from all viewing angles.

Wireless mobility

SurfBook W1 has been designed to fit perfectly into the increasingly wireless world. Just about everything you do with your notebook, you can now do wirelessly. The fast WiFi, Bluetooth® 4.0 and Miracast™ connections allow you to go anywhere on the Internet, transfer files, manage photos, listen to music and much more – without ever worrying about a cable.

Even more ways of transferring data

The USB 3.0, USB 2.0 and Mini-HDMI® ports provide you with additional options to easily connect various peripheral devices such as a mouse, hard drive or printer to your notebook.

Maximum ease of use

Experience the high-quality keyboard, built with a robust one-piece design. Each of the keys are precisely optimised with clear pressure points and enough distance from one another. Useful function keys ensure ease of use and all-round comfort when typing.

Convenient touchpad with multi-touch navigation

Using a mouse can be inconvenient and impractical, particularly when you are on the go. SurfBook W1 has a built-in

extra-large touchpad with multi-touch navigation, offering the perfect substitute for a mouse. You can select and move objects, highlight text and navigate websites conveniently with only one hand.

Impressive silence

The icing on the cake is the modern, fanless technology that was used to manufacture SurfBook W1. SurfBook W1 is virtually silent when it is running, allowing you to work in a more pleasant environment without background noise.

Technical details

Software

Operating system	Windows 10 Home
------------------	-----------------

Hardware

Processor (CPU)	Intel® Atom™ x5-Z8300 Processor (up to 1.84 GHz, 2 MB Intel® Smart-Cache)
Processor design	Quad core
