- **Wired Input:** 3.5 mm AUX.
- **Battery:** 2000 mAh rechargeable.
- **Battery Life:** 7 hours average.
- **Power Bank:** Yes — charges smartphones and tablets.
- **Color:** Red.

Description

The Conceptronic APOLLYON01R is a Bluetooth 3.0 multimedia speaker that doubles as a power bank — play your favorite track and top up your phone from the same device when an outlet isn't around.

Built-in microphone handles hands-free voice calls. Micro SD/TF and USB MP3 playback work without a phone. FM radio adds offline listening, and a 3.5 mm AUX input covers wired sources. The 2000 mAh battery sustains an average 7 hours of music playback, with enough headroom left to charge a smartphone in a pinch.

The elegant design adds lifestyle appeal alongside its technical chops — ideal for travel, outdoor sessions, and any setup where doubling as a temporary power station is a real plus. Finished in bold red.

Additional Information

Embedded system	No
Color.	Red
Model Number.	APOLLYON01R
Dimensions (W x D x H).	47 x 114 x 254 mm
Product weight (kg).	0,753
Battery capacity (mAh).	2000
Bluetooth version.	3.0
Frequency response.	60HZ-18kHZ
Audio power in RMS.	10
Package Contents.	APOLLYON01R Multilingual quick installation guide USB charging cable
Harmonized System (HS) code.	851821
Customs product code (TARIC).	8518210000
EAN.	4015867203170
