

350 Watt Power Supply For Minuet 350

Created exclusively for the Antec Minuet 350 microATX case, the MT-352 upgrade power supply provides all the functionality of the MT-350 and adds 80 PLUS® Bronze certification for increased efficiency over its predecessor. An ideal choice for stable and efficient power, the MT-352 features Universal Input packaged within a petite small form factor design. Dual +12V output rails deliver safer, more stable and more reliable output to the system's components. With 3 Molex and 2 SATA and 1 floppy connector, the MT-352 can accommodate nearly any combination of hardware in the Minuet 350. Upgrade your PSU and add greater efficiency to your system with MT-352.

SPECIFICATIONS:

- 350 watts of Continuous Power
- 80 PLUS® Bronze certified – up to 88% efficient
- Dual +12V rails for increased stability
- 80 mm double ball bearing low noise cooling fan
- Meets ATX12V version 2.3
- Industrial-grade protection
 - Over voltage protection (OVP)
 - Short circuit protection (SCP)
 - Over power protection (OPP)
- Universal Input – works on any 100V - 240V grid
- Active Power Factor Correction with PF: 0.99
- MTBF: 100,000 hours
- Meets 2010 EUP requirement: 5Vsb < 1W
- Safety: cUL, TUV, CE, CB, FCC, C-TICK, CCC, Gost-R
- AQS Antec Quality 3 year limited warranty on parts and labor
- Dimensions: 2.7" (H) x 3.6" (W) x 6.1" (D)
69 mm (H) x 92 mm (W) x 155 mm (D)
- Net Weight: 2.5 lbs / 1.1 kg

INPUT:

Input Voltage	100 ~ 240 Vac ± 10%
Input Frequency Range	50 Hz ~ 60 Hz
Current	(5A @ 115 VAC, 2.5A@ 230VAC)
Efficiency	up to 88%

OUTPUT:

Voltage	+5V	+3.3V	+12V ₁	+12V ₂	-12V	5Vsb
Max. Load	20A	20A	18A	18A	0.8A	2A
+12V _{1,2} combined maximum output: 300W +5V and +3.3V combined maximum output: 110W						
Total Continuous Power: 350W
