

Features:

- Compact DAB+/FM radio
- Robust ABS plastic housing
- DAB frequency range: 170–240 MHz
- FM frequency range: 87.5–108 MHz
- Display: LCD display
- Bluetooth for wireless audio streaming
- Speaker output: Max. 2 W (clear, powerful sound)
- Headphone jack: 3.5 mm jack
- LED torch: 3 W
- SOS emergency light / warning signal
- Telescopic antenna: extends up to 57 cm

Power supply:

- Built-in 4,000 mAh lithium battery
- Power bank function for charging external devices
- Solar panel & hand-crank generator (fully self-sufficient)
- Input: 5 V, 2 A
- Output: 5 V, 1 A

Connections:

- 1x USB 2.0 (for charging)
- 1x headphone jack
- 1x USB-C charging port (DC 5 V)

Dimensions / Weight:

- 15.0 x 7.6 x 5.0 cm (W/H/D)
- 269 g

Delivery:

- TELESTAR TOP NR 5
- 1x USB-A to USB-C charging cable (80 cm)
- User manual

Top-Features:

- This compact DAB+/FM emergency radio offers reliable radio reception via digital (DAB+) and analogue (FM) standards, as well as wireless audio streaming via Bluetooth.
- A built-in 4,000 mAh lithium battery with a power bank function ensures a flexible power supply and allows you to charge external devices whilst on the move. Thanks to a solar panel and hand-crank generator, the radio is ready for use at any time, even without external power sources.
- The easy-to-read LCD display clearly shows all important information, whilst the built-in 2-watt speaker delivers clear and powerful sound. A 3.5 mm headphone jack is also available for undisturbed music enjoyment.
- A powerful LED torch with an SOS warning signal enhances safety in emergency situations. With its extendable telescopic antenna and robust, compact design, the radio is the ideal companion for camping, outdoor activities, power cuts and personal emergency preparedness.

Hand crank for a reliable power supply
