

# SILENT BASE 801

EXCELLENT SILENCE AND USABILITY

## WINDOW

### IDEAL APPLICATIONS

High-end gaming and multimedia systems  
 Extreme silent air-cooled workstations  
 Overclocked systems and super silent water-cooled PCs  
 Fast and easy to modify system builds

### HIGHLIGHTS

Maximum silence with advanced noise dampening vents  
 Two preinstalled Pure Wings 2 140mm fans  
 Completely sound-insulated with extra thick insulation mats  
 Various possibilities ensure an excellent usability  
 Side panel made of tinted and tempered glass

#### Excellent silence and usability

be quiet! Silent Base 801 Window delivers the perfect combination of maximum silence and an excellent usability for remarkably quiet configurations.

#### Highlights »

- Noise dampening vents provide excellent air permeability with maximum silence
- Extra thick insulation mats of 10mm in the front, top and sides
- Three preinstalled Pure Wings 2 140mm fans ensure a silent airflow
- Fan controller hubs up to six fans to one PWM connector
- Fast and secure detachment of the side panels with push pins
- PSU shroud and smart HDD slot covers provide a neat interior
- Decoupled motherboard tray can be relocated for an inverted layout
- The power supply can be easily installed from the back of the case
- Detachable top bracket allows easy fan and radiator installation
- Generous dimensions for radiators up to 420mm
- Full metal body provides stability and a great haptic
- Side panel made of tinted and tempered glass
- Three years manufacturer's warranty

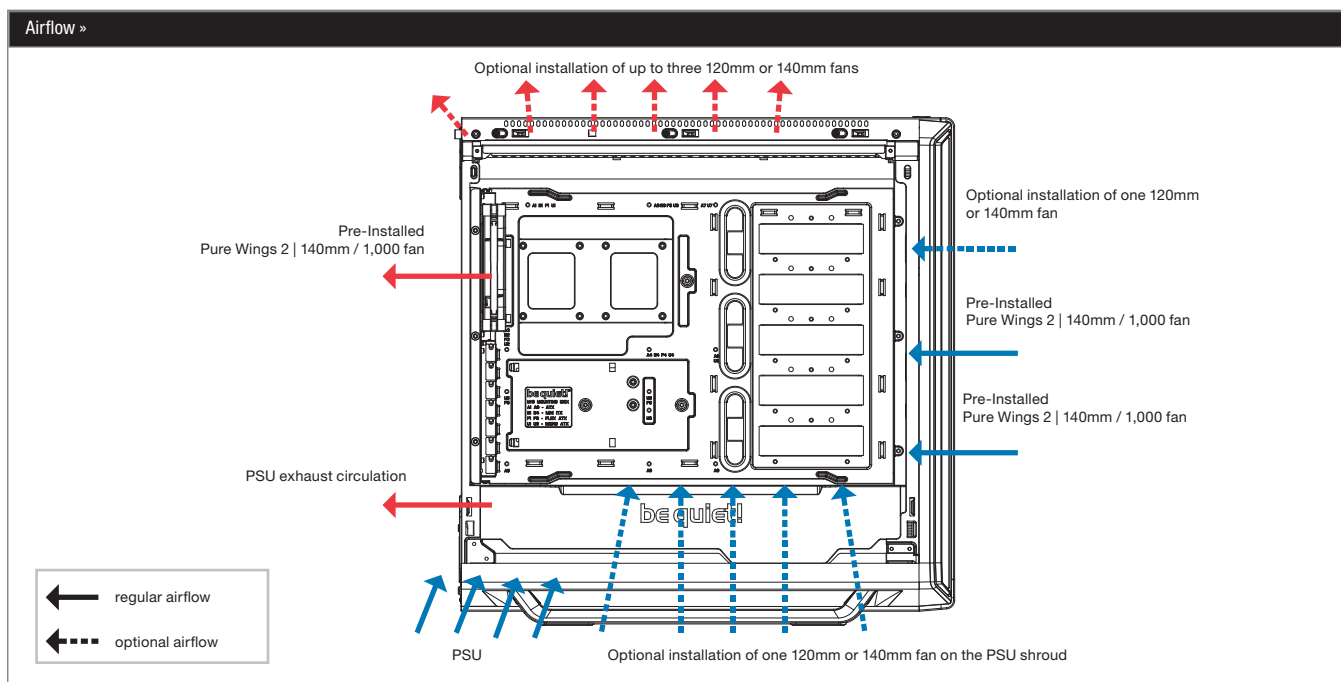

**+ NOISE INSULATION**

**+ AIRFLOW CONTROL**
