Introduction

CYCLOC

Store your bike with style

Cycloc's unique ability to carefully combine considered thought with a twist of poetic spirit to create a range of simple, playful and practical products has earned it global recognition with numerous awards and accolades.

Founded in 2006, Cycloc operates from their design studio in London's creative East End and a manufacturing facility in the UK. A team of skilled and enthusiastic distributors and retailers provide support globally.

SOLO

Horizontal or vertical cycle storage

- Elegant and effortless cycle storage, ideal for home, office and retail display applications.
- Store bikes horizontally or vertically, accessories in the centre, facility to lock bike in place.
- Rubber contact points protect frame, optional spacer included to accommodate wide bars.
- Secure three point wall fixing, insert panel hides fixings, rotate to accommodate frame angles.
- Available in 7 colours.

"The Solo is a minimalistic triumph of form, function and social awareness"

Installation

Tools required

Spacer ? (in mm)

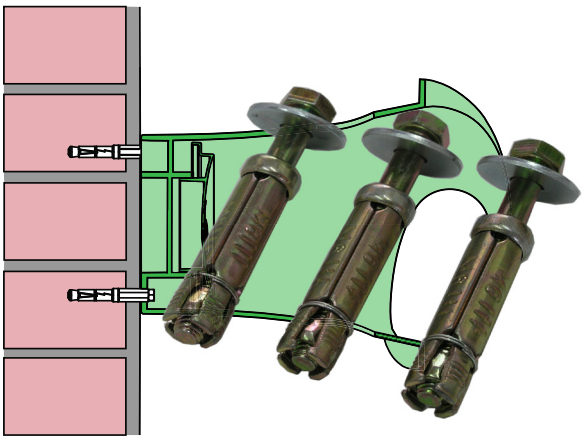

Installation

Fixings

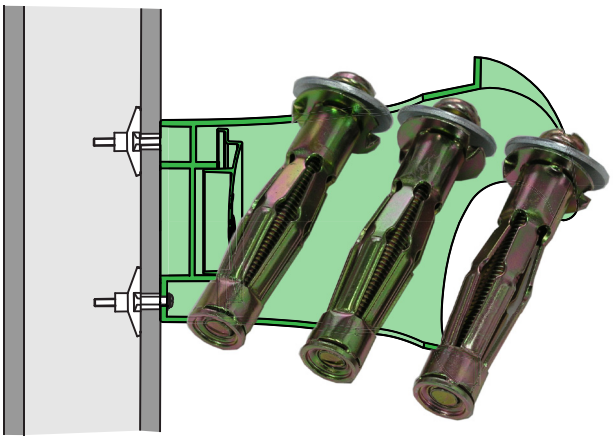

MASONRY

x3 M6x70 Loose bolt shield anchor.

NOTE: If your walls have a very thick layer of plaster or render use a longer fixing to ensure the anchor is in the brick.

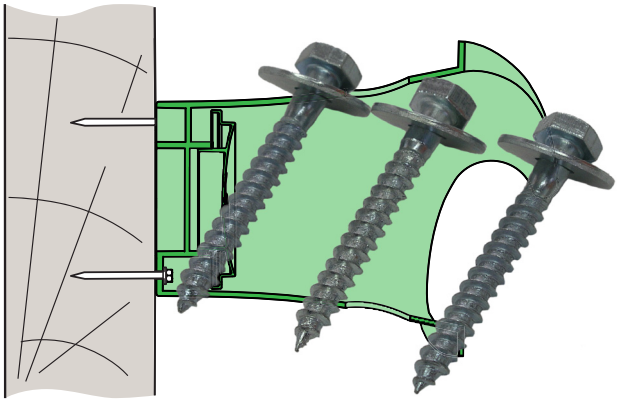

HOLLOW

x3 M6x70 Metal hollow wall fixing.

NOTE: when Solo is mounted on a hollow wall, the structure must be capable of taking additional load. Ideally at least one should be into a ‘timber stud’ - with a suitable size of wood screw.

SOLD TIMBER

x3 8x60 Coach screw.

WASHER

x3 diam=19mm To be used for situations.
