

HS12

4K HDMI2.0 Splitter 1 in 2 Out

- HDMI LA certified, supports HDCP 2.2 for lossless 4K streaming output
- Equipped with a stable IC design, tested for uninterrupted 48-hour continuous playback
- Built-in power management chip provides short-circuit and overheat protection
- USB Type-C power input for easier installation
- Supports up to 4K/60Hz resolution with downscaling function, enabling simultaneous 4K and 1080p output
- Gold-plated connectors for enhanced oxidation resistance and durability

HDMI certified with a built-in protection chip, ensuring uninterrupted playback even during 48-hour continuous testing

Durable Gold-Plated Connectors

Effectively resist oxidation and enhance durability, ensuring stable long-term output and worry-free switching

Model No.
SST-HS12

Resolution support
4K/60Hz Downscaling to 1080p

Cable length
Type-C : 100mm±10mm

HDMI Version
HDMI2.0 backward compatible with HDMI1.4/HDMI1.3

Support display quantity
2

Dimension
83mm(W) x 18mm(H) x 55mm(D)

Remark

[1] A Type-C to Type-A cable is included for connection to USB-A devices; adapters must be purchased separately.

Material
Aluminum + Plastic

LED indicator
Red-Activate

IC controller
GSCoolink GSV2001+CX32L003

HDR
HDR10 supported

Support sources quantity
1

Net weight
79.1g
