

# Nokia C32

The highest image quality in C-series yet.

## Colours:

Autumn Green

Charcoal

Beach Pink

## Key features:

Coming with a three-day battery life<sup>1</sup>, Nokia C32 is ready to keep up with the busiest of lifestyles. When the sun sets, its rear dual camera is on hand to capture more light and deliver stunning Night mode shots.

### Glass finish for a premium feel that stands the test of time.

Toughened glass in the front and back and IP52 rating deliver great everyday robustness with a premium feel. All of that ensured by industry-leading durability tests.<sup>2</sup>

### Stellar images day and night.

The 50MP main camera and 8MP selfie camera are supported by powerful imaging algorithms to get the most out of the hardware. The bespoke Night mode on both the front and rear cameras gives impressive pictures in any lighting conditions.

### Three-day battery life for extra long weekends.

The 5000mAh<sup>2</sup> battery is optimised with AI-powered battery saving features lets you go further without battery anxiety.

### Android 13 right out the box.

Enjoy Android 13 benefits straight away and customise apps to match your wallpaper, to make Nokia C32 unique to your style.

## Sales package includes:

- Nokia C32 device
- Wall charger
- USB type-C cable
- Quick start guide

| <b>Other:</b>                    | IP52 ingress protection   FM radio (wired/wireless)   Toughened rear glass panel   |

<sup>1</sup> Based on real life usage test by HMD Global. <sup>2</sup> Based on results from 3<sup>rd</sup> party guided free fall testing (IEC 60068-2-31) against top selling models in IDC 4Q21 75 – 125 \$ price band. Protected against dust limited ingress, no harmful deposits, and against direct sprays of water up to 15 degrees from the vertical. <sup>3</sup> All specifications, features and other product information provided are subject to change without notice. <sup>4</sup> Using memory extension (virtual RAM) requires enough storage space. To protect the storage, memory extension is automatically and permanently disabled once 90% of the usage limit is reached. This can occur after four years of heavy usage. <sup>5</sup> Pre-installed system software and apps use a significant part of memory space. MicroSD card sold separately. <sup>6</sup> Battery has limited recharge cycles and battery capacity reduces over time. Eventually the battery may need to be replaced. Actual results may vary due to changes in connectivity, environmental conditions, or other variables. <sup>7</sup> From global launch date of Nokia C32. HMD Global Oy is the exclusive licensee of the Nokia brand for phones and tablets. Nokia is a registered trademark of Nokia Corporation. Android is a trademark of Google LLC. Variations on offering may apply. Check local availability.
