

Keep your memories and adventures alive with ACME VR302 4K sports & action camera! Diving from the cliff? ACME camera has waterproof case to join you. Flying with a paraglider? ACME camera has all accessories to mount it safely and enjoy the flight. The footage you make will be in high quality, sharp and clear thanks to Ambarella A12S chipset and Sony IMX sensor. No worries regarding shaky videos – ACME camera features integrated electronic image stabilization for smooth recollection of your adventures. In addition to that, camera has LCD touch screen so it is easy and convenient to change the settings as well as it is easy to control the camera, especially because of remote control included in the package. Besides, there are many different modes to record videos, hence you can choose the one that is most suitable for the situation, e.g. if you are planning to make slow motion videos, recording in 1080p 100 fps or 720p 200 fps is a great choice. Finally, together with camera you will get many other accessories, like waterproof case and tripod so you do not have to buy anything additionally!

Features
