

MPN: MC-POEADAPTER-USB-C

10W PoE Adapter RJ45 IEEE802.3af to USB-C

MC-POEADAPTER-USB-C is a network power adapter designed based on the IEEE802.3af standard.

The output is a standard Type-C interface, which can provide 5V/2A power supply.

MC-POEADAPTER-USB-C is designed with a small volume of a white plastic case, which is convenient since it can be carried around on the desktop or can be fixed and opened for use. The input and output of the device do not exceed the safe voltage of 57V, and there is no need for electric shock protection.

The product has passed the EU CE certification.

The device needs to be used in a wired network environment that supports IEEE802.3af, plug and play without configuration, and the output supports PD3.0 fast charging protocol, which can provide continuous power supply to low-power mobile devices such as mobile phones, game consoles and tablet computers.

- CE Certified
- Output up to 5V 2.0A
- LED Light indicators
- 10/100Mbps speed

Specifications

Features	Easy to install	Yes
	LED indicators	Yes
	Maximum operating distance	100 m
	Product colour	White
Network	Power over Ethernet (PoE)	Yes
Operational conditions	Storage relative humidity (H-H)	10-90 %
	Storage temperature (T-T)	-20 - 70 °C
Ports & interfaces	RJ-45 input ports	1
Power	Input voltage	44-57 V
	Output current	2 A
	Output power	10 W
Vendor information	Brand Name	MicroConnect
	Warranty	25 Year(s)
