

DualBlader

Fully Customizable Ambidextrous Ergonomics

Evolutionary DYNASTRUT Design

DUALBLADER features a fully customizable ergonomic and adjustable arched palm rest with the evolutionary DYNASTRUT design (patent pending), providing height adjustment and two deployment settings (claw / palm grip). DUALBLADER optimizes comfort to make the perfect fit for hand length, shape and grip style by equipping four interchangeable side grips to enhance your playing style.

DualBlader optimizes comfort to make the perfect fit for hand length, shape and grip style by equipping four interchangeable side panels to enhance your playing style.

12 Fully Programmable Buttons

DualBlader's 12 fully programmable buttons are fully configurable via the COUGAR UIX system allowing you to access macros & shortcuts, and even more secondary functions. DarkBlader is an excellent choice for any game!

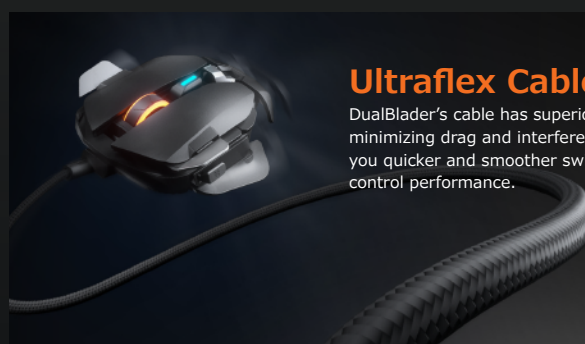

Maximum Durability 60 Million Clicks

Engineered to give you the uncompromising performance in intense gameplay, DualBlader comes with new mechanical mouse switches tweaked for the fastest gaming response times and for extended durability up to 60 million clicks.

A Powerful 16000 DPI Optical Sensor

Equipped with the most advanced and configurable optical sensor PMW3389 that supports up to 16000 DPI, capable of delivering the perfect tracking and deadly precision. DualBlader achieves a true extension of yourself in intense gameplay.

Ultraflex Cable

DualBlader's cable has superior flexibility for minimizing drag and interference, providing you quicker and smoother swipes for better control performance.

DualBlader

Fully Customizable Ambidextrous Ergonomics

COUGAR UIX™

The convenient and intuitive interface lets you set the functionality of all the keys, store macros, and create your own backlight effects. DualBlader's internal memory allows you to set up to three full configuration profiles anywhere you go.

UIX™
