Part No.: 462679

EAN-13: 0766623462679 | UPC: 766623462679

Low-Height, Mobile TV Stand / Trolley for 23 to 70 inch in as the Perfect Presentation Helper

Turn your display into the perfect on-stage presentation monitor with the Manhattan Compact Height-Adjustable TV Cart. Designed with a low-to-ground profile, this space-saving TV cart fits discreetly at the edge of stages, in classrooms, or at panel discussions - ensuring presenters have clear access to notes without obstructing the audience's view.

Customizable Height for Every Presentation

Achieve the perfect viewing height with tool-free height adjustment to seven levels, ranging from 580 to 880 mm (23 to 37 in.). This versatile design allows you to tailor the display height to suit your audience, presentation style, or stage setup with ease.

Optimal Viewing with Tilt Adjustment

Enjoy a clear and comfortable viewing angle with 45° tilt adjustment, giving you the flexibility to reduce glare and enhance visibility - ideal for musicians

following a setlist, teachers delivering lessons, or presenters referencing notes.

Built for Stability and Mobility

Crafted from sturdy, high-quality steel with an antistatic powder coating, this cart is designed for durability and long-term use. Its four lockable caster wheels feature robust PU tread, combining smooth maneuverability with the strength to support TVs up to 40 kg (88 lbs.). Whether moving across a stage or to a conference room, this cart glides effortlessly and locks securely in place when needed.

Perfect for On-Stage Speeches, Keynote Addresses, Trainings, and Concerts

Whether you're displaying cue notes for a keynote address, supporting a musical performance, or enhancing visibility for panel discussions and classroom teaching, this TV Cart offers a reliable, versatile solution for engaging presentations.
