T-FORCE x InWin

The First T-FORCE x InWin 216 Co-Branding Gaming Case

In collaboration with InWin, T-FORCE introduces the first co-branding 216 gaming case featuring optimized compartments that support a variety of advanced hardware equipment. Also boasting top-notch heat dissipation performance and exceptional compatibility, it is the primary gaming PC case for gamers.

T-FORCE X InWin

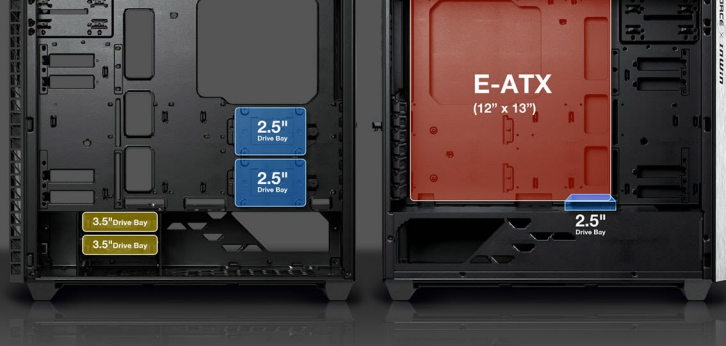

Aesthetic Design as a Fashionable Gaming Style

Every detail is elaborately designed. It features the unique characteristics of T-FORCE in the front panel and a sleek silhouette in a chic tech style, presenting a brand-new experience to gamers.

Limitless Space Utilization However You Desire

It supports E-ATX motherboard (12"x13") and accommodates advanced system installations, allowing for multiple 3.5"/2.5" storage devices installed at once for enhanced extensibility.

A Display of the Power and Beauty of VGA Cards

It supports VGA card installation both vertically and horizontally. Gamers can adjust the arrangement to their liking and display the dazzling appearance of their chosen graphic cards.

* PCI-E extension cord is optional and not included in the package. Specifications may vary for different regions of sales.

Stunning Heat Dissipation Performance

Up to six fans can be installed on the front, rear, and top panels. The barrier-free airflow design effectively discharges surplus heat inside the case, achieving superb heat dissipation performance.

Superb Heat Dissipation Performance
