MASTERBOX Q300L TUF EDITION

MCB-Q300L-KANN-TUF

ARE YOU TUF ENUF?

The MasterBox Q300L joins the TUF Gaming Alliance, carrying the TUF marks on both of the magnetic filters and both side panels. For a cohesive TUF setup, the military styling ensures that components are in uniform and ready for battle.

The MasterBox Q300L brings all of its advantages to the TUF Gaming Alliance, with support for a standard ATX PSU for mATX motherboards. The I/O panel can be adjusted to six different locations, three options at each side of the case.

Orientation of the chassis can be adjusted accordingly, depending on preference. Horizontal and vertical positioning are supplemented by the adjustable I/O panel. A fully perforated chassis offers a high potential for thermal performance and also supports a wide range of optional fan configurations. From aesthetic harmony to build potential, the MasterBox Q300L allows you to assemble the case with an arsenal of components.

FEATURES

TUF Edition: The MasterBox Q300L joins the TUF Gaming Alliance, carrying the TUF marks on both magnetic filters and both side panels.

High Flexibility for System Building: The I/O panel can be adjusted to six different locations. On both sides of the body you can install the I/O panel at the front, top or bottom.

Minimized Dimension with ATX PSU Support: Despite the Micro-ATX form factor and the body depth and height of only 370mm x 370mm, the MasterBox Q300L can accommodate a standard ATX PSU.

Clean Routing Space: 28mm of space behind the motherboard tray offers ample room for cable management.

Excellent Thermal Performance: The open design of the perforated front, top and bottom guarantees excellent thermal performance potential.

Edge-to-Edge Transparent Side Panel: Show off your build through the edge-to-edge transparent side panel.

Vertical and Horizontal Position: The case can be placed in a vertical or horizontal position.

SPECIFICATIONS & PACKING INFORMATION

Product Number		MCB-Q300L-KANN-TUF
Product Name		MasterBox Q300L TUF
Exterior Color		Black
Materials		Steel, Plastic
Dimensions (LxWxH)		387 x 230 x 381mm
Motherboard Support		Micro-ATX, Mini-ITX
Expansion Slots		4
