Highlights

Three light settings
Light can have different color temperatures, indicated in units called Kelvin (K). Bulbs with a low Kelvin value produce a warm, cozy light, while those with a higher Kelvin value produce a more energizing light. These new Scene Switch bulbs allow you to switch from functional lighting to natural light and to a cozy, warm dimmed light. Light levels can changes from 100% to 40% to 10%. Now you can easily customize your room for a variety of tasks or adapt it to suit your mood.

Plug and play

Delivers a variety of great light scenes straight out of the box to suit your different needs and moods. The intelligence is in the bulb itself, so no dimmer or other additional installation is required. Simply replace your bulb with this Scene Switch bulb, and you can change between different scenes at a flick of your existing wall switch. Lowest level of investment and effort required to enjoy the highest level of comfort. Now you can change the ambiance easily to suit whatever you're doing and your mood at the time.

Auto memory (sceneswitch)

This Scene Switch lamp has a built-in memory chip which will memorize your last light setting if the switch is turned off for longer than 6 seconds. If you don't often switch between activities, the light will be in your favorite mode when you turn it on again.

Saves up to 80% energy

LED technology saves up to 80% energy compared to your standard bulb. It therefore pays for itself and saves you money year after year. It also helps protect the environment.

Gentle LEDs, easy on the eyes

It's easy to see how harsh lighting can strain the eyes. Too bright, and you get the glare. Too soft and you experience flicker. Now you can gently light up your world with LEDs designed to go easy on the eyes, and create the perfect ambience for your home.

Specifications

Bulb characteristics
- Cap/fitting: E14
- Dimmable: No
- Voltage: 220 - 240 V
- Wattage: 5-2.5-1
- Wattage equivalent: 40-18-9
- Intended use: Indoor
- Lamp shape: Non directional candle
- Technology: LED
- Type of glass: Clear

Power consumption
- Energy efficiency label: A+
- Power consumption per 1000h: 5 kW·h
- Power factor: >0.5

Light characteristics
- EyeComfort: Eye Comfort
- Light output: 470-180-90 lumen
- Color temperature: 2700/2500/2200 K
- Color rendering index (CRI): 80
- Starting time: <0.5 s
- Warm-up time to 60% light: Instant full light
- Light Color Category: Warm/Very Warm/Extra Warm
- Suitable for accent lighting?: No

Durability
- Lifetime of lamp: 15000 hour(s)
- Number of switch cycles: 20000
- Lumen maintenance factor: 0.7
- Average life (at 2.7 hrs/day): 15 year(s)

Bulb dimensions
- Height: 106 mm
- Width: 35.5 mm

Other characteristics
- Mercury content: 0 mg
- Power factor: 0.51
- Lamp current: 45 mA
- Range: LED Classic

Rated values
- Rated power: 5-2.5-1 W
- Rated luminous flux: 470-180-90 lumen
- Rated lifetime: 15000 hour(s)

Issue date 2018-10-02
Version: 3.0.1
