## GRR 240.1 robotic lawnmower

Item no: 95447

The robotic **lawnmower** is a revolutionary new way to maintain your garden. After a one-time setup process, you can sit back and rest assured that your lawn will be perfectly maintained.

The robotic lawnmower has advanced technology that helps you save time and achieve a beautiful result. The robotic lawnmower cuts your lawn safely and efficiently. It is designed to navigate smoothly through the garden and ensure even and professional lawn care. It can even reach into 'hard-to-reach' areas to achieve the best possible result. In addition, the robotic lawnmower can also handle mowing uneven surfaces and slopes, making it quick and easy to maintain your garden. Another advantage of the robotic lawnmower is that it works almost silently and produces no exhaust fumes. This means that your garden not only looks nice and tidy after mowing, but also protects the environment. The robotic lawnmower is the perfect solution for maintaining your garden quickly and efficiently.

Forget the hassle of mowing with a lawnmower and enter a world of comfort and convenience. With the robotic lawnmower you can count on a beautiful result and have more time for the important things in life.

### Features:

- Obstacle / impact sensor
- Rain sensor
- Lift sensor
- Tilt sensor
- Separate motors for blades and drive
- Anti-theft PIN code
- LCD display
- Programmable working time
- Adjustable working area 50m<sup>2</sup> to 1000m<sup>2</sup>
- Max. Slope 24°
- Large wheels with knobs for high traction
- 5-fold adjustable cutting height
- 3 blades ensure perfect lawn cut

### Scope of delivery:

Lawn mower robot GRR 240.1, charging station with connection cable, 6 pcs. Ground screws for charging station, 100 m boundary wire, 150 pcs. Ground spikes with hooks for boundary wire, 4 pcs. Cable connectors, 6 pcs. Spare blades, 2 pcs. Adapter plug.

### Notice:

The robotic lawnmower cannot be operated without a boundary wire. The mower follows the boundary wire to the charging station, the wire acts as a virtual fence. It will follow the cable until it hits the charging areas, then it will detach from the boundary cable and start mowing inside the lawn.

### Optional accessories / consumables:

- #95446-01082 Boundary wire 100m
- #95446-01080 Cable connectors 4 pcs.
- #95446-01079 Ground spikes with hooks for boundary wire 100 pcs.
- #95446-01070 Wheel weights set / wheel
- #95446-01047 Blades 9 pcs. incl. screws
- #95447-01085 Carport charging station

### Technical data:

Protection class (IP):	IPX4
Cutting width:	240 mm
Type of cutting height adjustment:	Zentral 5-fach
Cutting height adjustment:	25-65 mm
Mowing capacity:	50-1000 m <sup>2</sup>
Number of knives:	3

### Battery

Battery voltage:	28 V
Battery type:	Li-Ion
Battery capacity:	3 Ah
Battery power:	84 Wh
Battery charging time:	ca. 1,5 h
Net weight:	0,9 kg

### Charger

Protection class charger:	II
---------------------------	----

Noise value specification LWA:	65 dB
--------------------------------	-------

Dimensions LxBxH:	670 x 450 x 280 mm
Net weight:	15,2 kg
Gross weight:	19 kg

GTIN-Code 4015671575890

VE 5

L 810 x B 550 x H 320 mm
