Overview

100 Word Product Description

CORSAIR iCUE LC100 Case Accent Lighting Panels – Mini Triangle Expansion Kit adds nine more interconnected mini RGB lighting panels to your LC100 setup, for even more intricate custom layouts. Each panel's nine brilliant RGB LEDs are housed in sturdy, light-diffusing casing for smooth lighting effects, and the panels attach magnetically for easily adjustable configurations. Use a CORSAIR iCUE RGB Lighting Controller (sold separately) and powerful CORSAIR iCUE software to control your RGB lighting. As part of the iCUE Smart Lighting Ecosystem, LC100 panels can be fully customized and synchronized with all iCUE-compatible and external iCUE Smart Lighting devices. With included connectors to create stunning three-dimensional designs, the LC100 lets you create a constellation of color.

Features and Benefits

Style 1

- Expand your LC100 Smart Lighting setup with an additional nine panels for even more intricate designs. Requires a CORSAIR iCUE RGB Lighting Controller (sold separately).
- Includes nine triangular RGB lighting panels, each lit by nine bright RGB LEDs, in a sturdy, light-diffusing casing that softens and blends light for a continuous and smooth effect.
- Simple magnetic attachment between panels and any steel surface makes installation and reconfiguration a breeze.
- Create stunning three-dimensional designs with eight included low-profile connectors and two corner hinges that enable attachment at varying angles.
- Part of the iCUE Smart Lighting Ecosystem powered by CORSAIR iCUE software, enabling fully customized and synchronized RGB lighting across all iCUE-compatible CORSAIR devices in your system and all external iCUE Smart Lighting devices.

Style 2

- **Expand Your LC100 Smart Lighting Setup**: Nine additional panels allow for even more intricate designs. Requires a CORSAIR iCUE RGB Lighting Controller (sold separately).
- **81 RGB LEDs with Light Diffusion**: Includes nine triangular RGB lighting panels, each lit by nine bright RGB LEDs, in a sturdy, light-diffusing casing that softens and blends light for a continuous and smooth effect.

- **Simple Magnetic Attachment**: Panels magnetically attach to each other and any steel surface, making installation and reconfiguration a breeze.
- **Create Stunning Three-Dimensional Designs**: Eight included low-profile connectors and two corner hinges enable attachment at varying angles.
- **Part of the iCUE Smart Lighting Ecosystem**: Powerful CORSAIR iCUE software enables fully customized and synchronized RGB lighting across all iCUE-compatible CORSAIR devices in your system and all external iCUE Smart Lighting devices.
