

Predator Rift Pro 371

Rift Pro Gaming Chair

Experience unrivaled comfort with the Predator Rift 371 gaming chair, crafted specifically for elite gamers and eSports enthusiasts. Featuring a magnetic head pillow and a stepless adjustable backrest, its ergonomic design and complete flexibility ensure a tailored experience for extended gaming sessions.

UNPARALLELED COMFORT & SUPPORT

Enjoy unmatched comfort with PU-covered cushions and molded foam construction for the backrest and seat, offering plush cushioning and ergonomic support for long gaming sessions. The magnetic head pillow adds extra support and comfort, relieving strain and tension in your head and neck.

TAILORED TO YOUR NEEDS

Customize your gaming setup with 4D adjustable arms and a Class 4 100mm gas lift for smooth height adjustment. The stepless adjustable backrest ensures precise seating angle tuning. These features provide optimal support tailored to your needs.

STURDY & RELIABLE

This gaming chair boasts a steel structure and 350mm metal base for solid support. Experience customized positioning and stability with its tilt mechanism and locking capability. Withstanding weight up to 170kg, it caters to users of all sizes, providing versatility for various gaming needs.
