

MIONIX

NAOS PRO

THE BEST SWITCHES AND OPTICAL
SENSOR ON THE MARKET!

OUR AWARD WINNING FLAGSHIP IS
BACK WITH UPGRADED HARDWARE!

DEVELOPED FOR PRO'S
– AVAILABLE TO EVERYONE!

The NAOS is our award winning ergonomic, right-handed gaming mouse. Our unique and comfortable shape is designed for a full palm grip and intense gaming sessions.

The NAOS PRO has been crafted with an attention to detail and the highest quality components. Equipped with the top performing sensor PMW-3370 from Pixart with the lowest error rate to date – at only 0.5% it tracks your surface with perfection. The most durable mechanical switches from Kailh with an 80 million click guarantee together with the flexibility from the ultra-flexible cable ensures your mouse never fails you or gets in your way. Designed with ambition – this will probably be the most comfortable mouse you have ever used!
