The Belkin Connect Family

Connect products are all about making connections. From cables that charge and share data, to docks and hubs that bring devices together for a more streamlined experience, Connect delivers data in the most efficient way possible, while maintaining the highest levels of quality. The very first product Belkin released to market was a cable, and we are proud to say that making connections has been an essential part of our story ever since.

The Belkin Connect Family Characteristics

- One-cable solution to connect essential peripherals to a computer
- Single solution to connect you to multiple peripherals
- Multiple ports provide fast, simultaneous connection
- Designed for portability to facilitate quick and easy workstation setup and takedown

The Belkin Difference

- Pioneer in innovation and technology for over 40 years
- Extensive testing procedures guarantee quality and durability
