DisplayPort converter cable, mDP - HDMI+DVI+VGA M-F/F/F, 0,2m, 3 in 1 Multi-Media, CE, bl, gold

This adapter / converter allows you to operate your PC or laptop with DisplayPort on a screen with HDMI, DVI or VGA connection. This is ideal if you need to connect to different output devices such as field staff with different connections in different meeting rooms. It is also useful for private users who want to use monitors and TV sets with different inputs at home. The signal of DisplayPort is converted to HDMI, DVI or VGA signals. The Plug and Play feature works without driver installation, and power is supplied through the DisplayPort interface.

Use HDMI, DVI or VGA devices on your DisplayPort. Save 3 single adapters and use this 3-in-1 converter cable.
