

Wi-Fi Smart Plug | Schuko Type F | 10 A

General information

Control many electrical appliances remotely simply by plugging them into this Wireless Smart Plug and connecting them to your smartphone or tablet via your Wi-Fi router.

Easy to set up

You don't need to be a technical genius or an electrician to control and automate your plugged-in appliances and devices. All you actually need is a Smart Plug and your Wi-Fi router. Our intuitive app will give you the ability to switch appliances on and off remotely and automatically. It can even work in connection with voice control systems such as Amazon Alexa or Google Home.

Schedule and pair

Set up time schedules for the plug to switch on appliances or connect them with others to create ambient scenes that can be activated with a single command or press of a button.

About Nedis® SmartLife

Discover a wide and ever-expanding range of products - such as bulbs, switches, sockets, sensors, and cameras - that can all be controlled through an easy-to-use and intuitive app. With voice control features supported by Amazon Alexa and Google Home, and no need for anything more than your existing Wi-Fi network, this is the connected, smart home made simple. Whether you're looking for a single smart bulb or socket, or you want to automate your entire house, discover how accessible smart technology is today.

Features

- Simple to set up - connects directly with your Wi-Fi
- Can be used as a stand-alone product or can connect easily with other Nedis® SmartLife products
- Allows remote and automated control - for scheduling and linking appliances
