Highlights

- **Power**
380–450 W
- **Keep-warm time**
2–6 hours
- **Surface temperature**
Adjusted to 55–65°C
- **Ideal for warming up**
for hands and feet,
giving you a cosy
feeling on cold days
- **Built-in thermostat
and fuse**
ensure consistent
and safe operation

This electric hot water bottle is incredibly versatile and is ideal for warming your hands and feet – whether at home, in the office or on the go. You'll experience unrivalled comfort and cosiness with this electric hot water bottle.

The hot water bottle has a power output of 380 to 450 watts and heats up quickly. It takes around 15 minutes to charge and provides up to 6 hours of cosy warmth.

The high-quality material and ergonomic design not only feel pleasant to the touch but also ensure durability and comfort.

Safety comes first: the surface temperature ranges from 55 to 65°C for pleasant and safe warmth. The explosion-proof charger ensures safe charging, whilst the built-in thermostat and safety fuse guarantee consistent and reliable operation.
